About Company

Intaglio Zurie Private Limited was incorporated in the year 2019 with a larger purpose in sight to provide seamless services to clients. We provide end-to-end services which includes preparation of Technical Project Report, Design Consultation, Civil Work, Pre-Engineered Building (PEB) Construction, Fabrication Work, Building Addition, Import of Machinery & their installation, and export based on customer requirement, and development of Residential, Commercial and Industrial projects.

We specialize in the field of micro & small enterprises (MSE) cluster development programs. Over the years of developing various projects, we have also received the honour of working as Government Technical Consultants with the KIADB, KSFC, PMEGP and various MSME bodies in Karnataka, India. Our team is comprised of a versatile talent dynamic of experienced professionals with over 10+ years of experience in the fields of engineering, infrastructure, architecture, real estate and consulting
